## North Fork Bioenergy Facility April Community Meetings

The North Fork Community Development Council is hosting a series of community meetings to discuss the financing and construction of the North Fork Bioenergy Project. We will discuss the facility, feedstock procurement, financing, the project timeline, and how the community can be involved. These meetings will also include a walking tour of the proposed site.

For both meetings, light refreshments will be provided. Please also bring close-toed shoes. Transportation will be provided for those with disabilities or impairment.
